SC citizens should have access to Uber. This is a safe and innovative concept. I travel extensively and use it in various cities on a regular basis.

Thanks,

Bill Lehew

SC Needs UBER!

The rides I have received from UBER have FAR exceeded in quality the rides that I have had in Charleston area taxi's. The UBER vehicles are much nicer and cleaner and I feel much more comfortable with the drivers. The last cab ride I took from Charleston to Mt. Pleasant - which was called in by a very nice hotel - made me very uncomfortable. The driver was very vocal about his religious beliefs and the vehicle was unsatisfactory. Additionally, getting a cab in and around Charleston - especially to and from Mt. Pleasant or Sullivans Island - takes forever. I can usually get an UBER ride in under 10 minutes.

Until the taxi and cab services can offer this kind of quality and service - SC NEEDS UBER!

Thank you for your consideration,  
Jessica Melton

**Subject:** UBER in SC

Charleston, South Carolina is a place I am extremely glad to call home. We host some of the best history, food, culture and landscape in the world. We as residents of SC strive for greatness from being a state that supports jobs, building business and affords middle income families like mine the ability to strive for the "American Dream." Supporting UBER in SC is not only a plus for residents who long for safe and affordable rides but for future companies who look expand to SC as their business grows. We should not look at Uber as the opposition but as a critical step in forwarding the monumental progress our wonderful state has made.

Please support Uber and their pursuit to provide our residents with safe affordable ride.

I appreciate your kind consideration. Many thanks,

Alan Spears

I'm writing to ask that you reconsider your decision about Uber drivers. I used it once and had a fabulous experience! MUCH nicer driver AND vehicle than ANY cab I've ever used anywhere in the world!! They're an asset to the Greenville area!

Thank you,
